Pneumonia Results Fatally.

Noble H., the 10-year-old son of Mr. T. C. Stewart, died Wednesday night at the home of his parents on Jesup Avenue, of pneumonia, following an attack of measles. The interment took place in Riverside Cemetery yesterday afternoon. Rev. H. D. Smith conducted a short service at the grave.

Council Holds Two Interesting Sessions

Cumberland Telephone Company Will Bid Upon Franchise to be Sold January 19.

Settlement Made With Former Tax Collector Henry Hurt For 1908 And 1909.

New License Schedule Adopted For The Year 1911, Effective January 1.

All But One Of The Present 21 Saloons Renew License For Another Year.

The city council met in called session Wednesday night for unfinished business.

Settlement was made with Henry T. Hurt, tax collector for the years 1908 and 1909. The books as audited by the committee showed a balance due the city of about \$370. Mr. Hurt's report showed \$334.91 and he tendered his check in settlement. On motion the council accepted his check with the understanding that the books would be checked over and the slight difference located and any error, if found, to be corrected.

Seven more liquor licenses were granted making 20 in all. Charlie Morris did not ask for a renewal of his license.

Pool room licenses were granted to Hugh Phelps, W. J. Glover and Peter Postell.

Considerable time was spent in going over the license schedule, which was agreed upon, to be reported at an adjourned session at 2 p. m. Thursday.

The council again met in adjourned session Thursday afternoon to consider the license schedule and the application of the Cumberland Telephone Co., for a franchise, upon terms heretofore agreed upon except as to a few details.

The new schedule does not touch upon liquor, circus and contractors' licenses and makes but few changes. Some new licenses are added, some are lowered and slight increases are made in a few instances.

Following are the new fees, which are of public interest:

New Idea Gearless

You are a busy man. You have no time for idle conversation or hot air. Neither have we. We have an important thing to talk to you about.

THE NEW IDEA MANURE SPREADER AND PULVERIZER

The only one on the market that meets all the requirements. Spreading means to expand to wider proportions. That is what the NEW IDEA does. If you hitch to a spreader with a box four feet wide that will only spread four feet you cannot show that this spreader is doing the proper work. The NEW IDEA MA-

NURE SPREADER AND PULVERIZER spreads from five to seven feet. This spreader is fully Guaranteed and will give entire satisfaction. Why not come in and look this machine over? We are always glad to show you and want the opportunity to prove to every farmer that we have the "goods."

Remember Us When You are in the Market for Anything in the Implement Line.
